COMMENTS FROM THE TOWN MANAGER'S OFFICE

The maintenance of the local dump is fast becoming a major item for the highway department to cope with. Unless more care is used in dumping refuse we soon will have to establish hours for the dump to be open and have a caretaker on duty during these hours.

This summer the bulldozer has had to be moved to the dump site twice a week. This takes the men and equipment away from their regular duties and involves considerable expense as a result of time lost hitching and unhitching the trailer, loading and unloading the tractor, plus the actual work done on the job.

Many municipalities have been forced to resort to specific hours their dump will be open for the reasons I have stated. As a rule it is not popular at first but citizens become accustomed to it eventually. More care used by individuals using the facilities will prolong and possibly prevent us from having to take this step.

WOODSTOCK PTA HEARS HIGHWAY SAFETY TALK AT TUESDAY MEETING

The Woodstock PTA met Tuesday evening at the Central Building. Richard Hamlin of the Maine Highway Safety Commission gave an interesting talk on ways his agency is working to make safe highways in Maine by cooperating with town and city officials to update traffic ordinances, suggesting legislation affecting motorbikes and safer automobile construction plus many other ways. Defensive driver courses are certified by the Highway Safety Committee in Maine at the present time there are 176 instructors for this course and it is gaining popularity in many states.

A film was shown on reflexes and reaction time, showing how greater speeds and adverse driving conditions can affect the average reaction time.

Mrs. Charlotte Strout reported on the progress of the plans for the Halloween carnival to be held Oct. 31 at 6 p. m. at the gym. The dance for the Jr. and Sr. High students starts at 8 p. m.

Merle Ring has been awarded the PTA scholarship.
Mr. and Mrs. Ernest Packard, Mrs. Annie Rosenberg and Mrs. Jane Mills reported on the PTA State Convention held at Brewer where Woodstock PTA was recipient of an award for a 10 percent increase in membership. The attendance banner was won by the sixth grade. Refreshments were served by Mrs. Marguerite Smette and Mrs. Beale House.

Mr. and Mrs. Harvey Jones, Lewiston, spent Sunday with Mr. and Mrs. Seymour Butters and family. Mrs. Maude Bean returned home with them after having spent the past week in Lewiston.

U. OF M. ANNOUNCES RECORD ENROLLMENT IN CONTINUING EDUCATION

Preliminary registration figures for courses offered by the University of Maine's Continuing Education Division have reached a record high for the fall semester, according to an announcement by John M. Blake, CED associate director.

A total of 8,952 course enrollments, the largest in CED history has been recorded at the University of Maine. This figure exceeds the record of 8,271 course registrations set at the university in the fall of 1966.

The 461 courses offered in 24 locations throughout the state are more than the total of 426 offerings last fall, Blake added.

In some areas course registrations have decreased. Enrollment at the military bases reflect a decrease in Air Force personnel, he said. Records indicate a decrease in course enrollments at Dow Air Force Base from 233 registrations in the fall of 1966 to 209 this semester.

Blake said there were also fewer CED registrations in Augusta this fall since the new daytime program there offers enrollment possibilities for students in the PMA rather than CED. Augusta's PMA registrations dropped from 1,460 last fall to 1,240 registrations this semester.

During the first two weeks of classes, the following CED registrations were recorded: Auburn 799, Augusta 1,240, Berwick 15, Biddeford 70, Brunswick 250, Calais 24, Castine 14, Dow AFB 299, Fort Kent 21.

STANDARD TIME TO BE IN EFFECT SUNDAY MORNING

OCTOBER IS HAZARDOUS MONTH IN TRAFFIC

—SAYS SAFETY COMMITTEE

There is urgent need for motorists to make a greater effort to readjust driving habits during the transition period from summer to fall driving, according to Peter A. McKenney of the Maine Highway Safety Committee.

The October traffic accident record shows it. Mr. McKenney pointed out that October is one of the most hazardous months of the year for fatal accidents, in spite of the fact that it neither accounts for the heaviest nor the most miles driven.

There are three major differences between summer and fall driving, and the motorists must consider each of them and drive accordingly, he said. First, beginning in October, motorists do more driving during hours of darkness, and nighttime driving has proved to be more hazardous than daylight driving. The driver can see only as far as his headlights can reach, and he can see little to the left or right. He should drive 10 miles per hour below the daytime speed limit, without exception; be alert more than usual to other vehicles and pedestrians and be especially watchful at intersections.

Second, with October come periods of quickly falling temperatures—and frost or ice spots might possibly be on the roads. Be watchful of them, McKenney said, particularly in late October in the early morning hours.

Third, the changes in temperatures from pleasant daytime warmth to nighttime cold brings a lot of fog and mist, and fog and mist calls for the greatest caution of all, he said.

Greene, 15, Guilford 12, Houlton 21, Loring AFB 333, Machias 29, Madawaska 17, Orono 1010, Portland 3264, Presque Isle 312, Rumford 81, Skowhegan 19, South Paris 24, Van Buren 12, Winter Harbor 70, York 29 and 124 registrations for educational television.

GOV. CURTIS ISSUES STATEMENT ON NOVEMBER REFERENDUM VOTING

Maine Governor Kenneth M. Curtis has issued the following statement concerning the November 7 Special Election:

On November 7 voters will be asked to act on a series of ten Referendum Questions, including four that directly concern the State's ability to meet the increasing needs of our higher education systems.

Acceptance of these bond issues now is of the utmost importance to our State's economy and growth because in each case the funds requested would pay for expansion of our several State-supported schools, or our State-operated hospitals and corrections institutions.

Port Kent State College, recently converted from a teachers college to a State College, started a new building for the multipurpose of providing new classrooms and laboratories. This school has grown in enrollment from 67 students ten years ago to 266 this year. It has a goal of 400 students by 1975, and this is entirely possible if the school has facilities for this number of students. Question One asks for \$415,000 to pay for this building.

Our four other State Colleges, plus our four State vocational-technical institutes, need a \$4,015,000 building program to meet their needs.

This is covered in Question Two.

Estimates are that the 1,134 students in the vocational schools today will be increased by 300 next year and 300 more the following year. That means that if we can provide the classrooms and on schedule by 1970 we will have more than 1,700 students in these schools and the four other State colleges in Gorham, Farmington, Machias and Presque Isle expect to grow six to ten per cent greater by 1975 than they are now.

At present there are 2,751 students in our State colleges and by next year the total is expected to reach 3,124. By 1975 the goal is 3,100.

20 SECONDS WITH THE NAZARENE

"A moment in the morning ere the cares of the day begin,
Ere the heart's wide door is open for the world to enter in;
Ah, then, alone with Jesus, in the silence of the morn,
In heavenly sweet communion, let your happy day be born;
In the quietude that blesses with a prelude of repose,
Let your soul be soothed and softened as the dew revives the rose." —Selected

SCHOOL NEWS

On Tuesday, Oct. 10, sessions
were held with both the girls
and boys of grades 7 and 8, Cres-
cent Park School.

Mrs. Gunther and Mrs. Plum-
mer talked with the girls on man-
ners, behavior, and dress. It is
much more essential, today, to be
aware of their manners and be-
havior, with the types of dress
now worn.

It was not intended that the
girls buy new wardrobes. It
seems, however, that some of the
girls are not satisfied with the
shortness of today's dresses and
have been rolling their skirts up
under their belts and blouses.

Mr. Emens and Mr. Messer
talked to the boys on the same
thing.

Again, extremes in dress and
hair do's were decided undesirable
and not necessary.

The students will have until
Oct. 30, to take the necessary
steps to stop the extremes in
manners, behavior, and dress.

Halloween Parties, Oct. 31
East and West Bethel Schools
will have Halloween Parties in

and refreshments, also furnished
by the American Legion.

the Ethel Bisbee School will have
their parties at Crescent Park
from 7 to 9 p. m. There will
be games, refreshments and a
dance, all sponsored by the Beth-
el P. T. A.

GOV. CURTIS COMMENTS

continued from Page One
Newry, Maine
October 20, 1967

The University of Maine's
growth pattern is just about the
same. In Question Four voters
are asked to approve bond issues
totaling \$6,320,000 to pay for
classroom expansion and con-
struction of new classroom build-
ings for a total of seven pro-
jects.

These include a \$1.6 million
physical education building at
Orono, the main campus; \$1.4
million for a chemical engineering
building at Orono; \$1.1 million
for a commuter college class-
room building in August;

\$920,000 for a law school build-
ing in Portland; \$450,000 for re-
modeling part of Dow Air Force
Base to construct a south cam-
pus for the University's Orono
complex; \$400,000 for improve-
ments at the Portland campus and
\$150,000 for oceanographic fa-
cilities at Walpole.

Also, proposed at this election
is an amendment to pledge cre-
dit of the State for one million
dollars to provide bank loans of
\$12,000,000 for students in higher
education. This will permit many
more Maine youths to attend col-
lege.

The needs of our educational
community are great, and these
bond issues will do much to al-
leviate them.

But another area of need can-
not be overlooked: The mental
hospitals and the corrections in-
stitutions. Question Three calls
for the issuance of a \$1,420,000
bond that would pay for reova-
tions at the Augusta State Hospi-
tal, a medical ward at Bangor
State Hospital, a vocational build-
ing at the Boys Training Center,
and a new dormitory at Stevens
School, and a power plant at the
Maine State Prison.

The cost of these items is high,
and each year they will go high-
er.

It has been estimated by the
General Contractors Association
in Maine that construction costs
rise between three and five per
cent a year. Our problems and
needs won't go away. It is clear
that each year we delay will
mean a greater loss to the tax-
payer.

The needs are clear. Our class-
rooms are already over crowd-
ed. By 1970 the State's schools
of higher learning will have a
demand for classroom space that
is 33 per cent higher than it is
at present. Without facilities to
meet these demands we will
have to send our young people
out of state for a college educa-
tion or they will become dis-
couraged and settle for second
best.

This has been our history.
Let's not make it our future.

BROCHURE AVAILABLE ON JOSEPH SMITH MEMORIAL

The New England Mission of The Church of Jesus Christ of Latter-day Saints announced, October 20, the publication of a brochure depicting the Joseph Smith Memorial, near Sharon, Vermont, birthplace of the founding prophet of the Church.

"The 300-acre Joseph Smith Memorial is one of a series of historic sites maintained by the Latter-day Saint Church extending across the United States," said Ollie Ross of Gardiner, Maine, who serves as President of the Maine District of The Church of Jesus Christ of Latter-day Saints, "and this new colorful brochure will be distributed at each of them."

President Ross stated that over 40,000 have already visited the Joseph Smith Memorial this year making it one of New England's popular tourist attractions. "The great majority of these visitors are not members of our faith and they come from every state in the Union and many foreign countries," explained President Ross.

The brochure, which will also be distributed through tourist offices, maintained by the State of Vermont and through the New England Vacation Travel Center at Rockefeller Center, New York City, describes the picturesque setting of the Joseph Smith Memorial as well as the landscaped grounds, flagstone building, and 38 foot granite shaft.

The Memorial is open year around and all visitors are welcome. There is no charge.
